Additional Information & Frequently Asked Questions

***1. Are the high resolution digital files re-printable? What can we do with them?***

The 5 digital files included in your mini session are re-printable. You will receive a print release form. You are also free to use those images online on your favorite social media platforms to share with family and friends. A flash drive or CD is not provided. Downloading will be made available directly through the link or can be sent via email.

***2. What if we want more than 5 digital images?***

In the case that you love all of your images and can't decide on just 5, you can purchase individual digital images at \$50.00 per individual digital image or the entire gallery of digital images for \$250. Other items such as loose prints and other gift options will also be available for purchase.

***3. How many images will we see in our online gallery?***

15-20 images will be presented to you in your online viewing gallery.

***4. What happens if the weather is bad on the date of the mini session?***

Unfortunately, weather can sometimes result in the cancellation of the event. If able, rescheduling will occur on December 7th and 8th. If the rescheduled dates do not work, you will be fully refunded for your reservation fee or it can be used towards a future photo session.

***5. Can we bring extended family members? (Aunts, uncles, Grandma, etc).***

If you'd like extended family members included, it is required that you book a second time slot. For each family "set" requires their own time slot. This is to ensure that we have enough time.

***6. Do you offer prints and other products with your mini sessions?***

Yes! A small price menu of prints and products will be available for online ordering after your session if interested. For a preview of what's available, please ask!

***10. How long does it take to view the images after the session?***

A 1 week turnaround timeline is guaranteed. Plenty of time to create your holiday cards!

***11. I'm excited! How do I book?***

To book your family a time slot, click [here](#) - or use the link on my website on the previous page.
